

COMPETITIVE TEAMS

Playing Time

- (i) Players on Competitive Teams have the right to expect reasonable playing time; however they do not have the right to expect an equal amount of playing time. Not all player positions are played with the same intensity and energy level and this is a factor in determining substitutions;
- (ii) If a Parent or Guardian does not agree with the amount of playing time their child receives and have not come to some agreement with the Team Coaching Staff, then they have the right to request to be released from the team. They may also choose to play in the House League instead of the Competitive Team.
- (iii) Parents and players on Competitive Teams should be aware that playing time on Competitive Teams is the responsibility of the Competitive Team's coaching staff. The TESC does not dictate the playing time of Competitive Players.
